

abatement (asbestos, lead, etc.)	remoción de riesgo (de asbesto, etc.) [Construction]
abrasive wheel and tool	piedra de esmeril y herramienta abrasiva [Construction]
abut	lindar, unir ensamblar, conectar [Construction]
abutment	estribo, soporte [Construction]
acceleration	aceleración [Construction]
Acetylene	acetileno [Construction]
adjustable wrench	llave ajustable [Construction]
administrative controls	controles administrativos [Construction]
aerial bucket	canasto aéreo [Construction]
aerial lift	jirafa, canasta [Construction]
aerial lift truck	camión jirafa, canasta elevada motorizada [Construction]
aerial truck	camión jirafa, camión canasta [Construction]
air compressor	compresor de aire [Construction]
air line respirator	respirador con línea de aire [Construction]
air storage receiver with alarm	tanque recipiente de aire con alarma [Construction]
air-purifying full facepiece respirator	respirador con máscara completa purificadora de aire [Construction]
air-purifying half-mask respirator	respirador con mascarilla purificadora del aire [Construction]
air-purifying mouthpiece respirator	respirador con boquilla purificadora de aire [Construction]
airborne	(partícula) suspendida en el aire, flotante en el aire [Construction]
alive or live (energized)	vivo (energizado), caliente [Construction]
alloy steel chain	cadena de aleación de acero [Construction]
American National Standards Institute (ANSI)	Instituto Nacional Americano de Normas [Construction]
anchorage	anclaje [Construction]
anchorage member	pieza de anclaje [Construction]
angle grinder	esmeriladora angular, pulidora angular [Construction]
angle of repose	ángulo de reposo, ángulo de descanso [Construction]
arc cutting	corte por arco eléctrico [Construction]
arc welding	soldadura por arco eléctrico [Construction]
asbestos	asbesto [Construction]
asbestos containing material (ACM)	materia que contiene asbesto [Construction]
asphalt	asfalto [Construction]
assured equipment grounding conductor program	programa para asegurar la conexión a tierra del equipo [Construction]
attaching ground	conexión a tierra [Construction]
auger	barrena [Construction]
axe	hacha [Construction]
backfilled excavation	excavación rellena [Construction]
backhoe	pala retro-excavadora, excavador trasero, pata de mono [Construction]
ball bearing block	motón de caja de bolas [Construction]
ballast	lastre [Construction]
bank	relleno [Construction]
bare conductor	alambre eléctrico sin aislamiento, alambre eléctrico sin aislamiento, cable pelado [Construction]
barricade	barrera, empalizada, cerca [Construction]
barrier	barrera [Construction]
base plate	placa de soporte, placa de base [Construction]
basket	canasta [Construction]
basket stretcher	camilla de canasta [Construction]
batch plant (asphalt)	planta de asfalto [Construction]
batch plant (concrete)	hormigonera, planta de hormigón, planta de concreto [Construction]

bearer	soporte, almojaya [Construction]
bi-directional machine	máquina bi-direccional, maquina con movimiento en dos direcciones [Construction]
bird caging	deshiladura (jaula de pájaros), deshilación [Construction]
blasting	detonación, explosión [Construction]
block/chock	calzo, atrancar [Construction]
blocking (jacks)	calzamiento [Construction]
bloodborne	acarreado por la sangre, transmitido por la sangre [Construction]
bloodborne pathogens	patógenos acarreados por la sangre [Construction]
blue prints	planos [Construction]
boatswain's chair scaffold	andamio de silla mecedora [Construction]
body belt	cinturón de seguridad [Construction]
boiler	caldera [Construction]
bolting	empernado, atornillar [Construction]
bonded (electrically bonded)	interconectado eléctricamente [Construction]
bonding jumper	puente eléctrico [Construction]
boom	aguilón, puntal [Construction]
brace	refuerzo, riostra, abrazadera [Construction]
bracing	reforzamiento, arrostramiento [Construction]
bracket	palometa, soporte [Construction]
braided rope	soga trenzada, cable trenzado [Construction]
branch circuit	circuito ramal [Construction]
branch line	línea de distribución [Construction]
brick	ladrillo [Construction]
bricklayer's square scaffold	andamio con base cuadrada para albañil [Construction]
bridle sling	brida, eslinga de brida [Construction]
brittle fracture	fractura por fragilidad [Construction]
bucket	canasto, bote, cubeta, cubo [Construction]
buckle (harness)	hebilla [Construction]
bulk sample	muestra gruesa [Construction]
bull float	aplanadora de concreto [Construction]
bull wire	anilla, alambre para halar o jalar [Construction]
bulldozer	tractor con pala mecánica, niveladora [Construction]
bumper	parachoques, defensa [Construction]
buoyant vest	chaleco salvavidas [Construction]
buoyant work vest	chaleco salvavidas [Construction]
bursting safety factor	factor de seguridad para estallido [Construction]
butt	cabo de mecha [Construction]
cab window	ventana de cabina [Construction]
cable	cable [Construction]
cage	jaula protectora [Construction]
cage (to)	enjaular [Construction]
cage-type boom guard	guarda en forma de jaula para el aguilón (puntal) [Construction]
caisson	cámara de aire comprimido [Construction]
canister (respirator)	filtro [Construction]
canopy	capota [Construction]
cantilever type personnel hoist	montacargas voladizo para trabajadores [Construction]
cantilevered	voladizo [Construction]
car arresting device	dispositivo inmovilizador del carro [Construction]
carbon-arc welding	soldadura por arco con electrodos de carbón [Construction]
carpenter's bracket scaffold	andamio de palometas para carpintero [Construction]
carpenters' bracket scaffold	a. de palometa de carpintero [Construction]

cast iron	hierro fundido, hierro colado [Construction]
catch platform	plataforma de detención [Construction]
catenary scaffold	a. colgante [Construction]
caught-between	pillado [Construction]
caught-in	atrapado, pillado, agarrado [Construction]
caustic	sustancia cáustica, corrosiva [Construction]
cave-in	derrumbe, desprendimiento [Construction]
ceiling (exposure)	cielo, límite [Construction]
ceiling beam	viga del plafón, viga de techo [Construction]
ceiling worker	trabajador de plafón [Construction]
cement	cemento [Construction]
chain	cadena [Construction]
chain saw	sierra de cadena [Construction]
chain sprocket	rueda dentada de cadena, estrella de cadena [Construction]
chemical	químico [Construction]
chicken ladder	tablón con listones [Construction]
chock/block	calzo [Construction]
choker sling	eslinga corrediza, eslinga ahogador [Construction]
chute	conducto, canalota [Construction]
circuit breaker	interruptor automático, interruptor de circuito [Construction]
circular saw	sierra circular [Construction]
clear safety lens	lente de seguridad transparente [Construction]
clearance	margen, espacio libre [Construction]
clearance distance	margen de seguridad, distancia de seguridad [Construction]
cleat	listón, peldaño [Construction]
clip (wire rope, U-bolt)	grillete, grapa de perno en "U", grapa para cable [Construction]
closure	cierre [Construction]
cockpit	cabina, carlinga [Construction]
cofferdam	dique provisional [Construction]
collecting system	sistema colector [Construction]
competent person	persona competente [Construction]
compressed air chamber	cámara de aire comprimido [Construction]
compressor	compresor [Construction]
compressor plant	planta compresora [Construction]
concrete	concreto, hormigón [Construction]
concrete breaker	martillo rompe-concreto [Construction]
concrete bucket	bote para concreto, cubeta para concreto [Construction]
concrete buggy	carrito para cargar concreto carrito volcador [Construction]
concrete form	formaleta para concreto [Construction]
concrete mixer	mezcladora para concreto [Construction]
concrete saw	sierra para concreto [Construction]
concrete vibrator	vibrador para concreto [Construction]
conductive bucket	canasto conductor de electricidad [Construction]
conductive clothing	vestimenta conductora de electricidad [Construction]
conductive ladder	escalera conductora de electricidad [Construction]
confined space	espacio restringido, e. limitado, e. cerrado, e. Confinado [Construction]
connector (steel erection)	conector de acero estructural [Construction]
constant pressure switch	interruptor de presión constante [Construction]
control panel	panel de control [Construction]
controlled access zone	zona de acceso controlado, área de acceso controlado [Construction]
controlled decking zone	zona controlada durante instalación de cubierta

	[Construction]
conveyor	transportador, faja [Construction]
cord (electric)	cordón eléctrico, cable eléctrico [Construction]
cord and plug	cordón y enchufe [Construction]
cord-to-cord connection	conexión de cordón a cordón [Construction]
corrugated metal	metal corrugado [Construction]
coupled cylinder	cilindro acoplado [Construction]
coupler	acoplador [Construction]
coupling pin	pasador de acoplamiento, fijo [Construction]
covered	cubierta [Construction]
cracking (fuel gas cylinders)	limpiar la válvula, purgar, quebrar, abrir y cerrar rápidamente una válvula [Construction]
cradle	cuna [Construction]
crane	grúa [Construction]
crane, hydraulic	grúa hidráulica [Construction]
crawler tractor	tractor de cadena, tractor de oruga [Construction]
cribbed	acunado, elevado [Construction]
cross beam	viga transversal [Construction]
cross brace	cruceta, refuerzo transversal [Construction]
cross bracing	reforzamiento transversal (cruceta), arrostramiento [Construction]
cross-connection	interconexión, intercomunicación [Construction]
cross-grain	grano transversal, en contra del grano [Construction]
current-carrying part	parte conductora de corriente [Construction]
cylinder	cilindro [Construction]
cylinder valve	válvula del cilindro [Construction]
dead (deenergized)	sin energía, muerto sin corriente [Construction]
dead-end point	terminal de línea eléctrica [Construction]
dead-man switch	interruptor de contacto continuo [Construction]
deceleration	deceleración [Construction]
decibel	decibel [Construction]
deck	tarima, plataforma, entarimado [Construction]
decking	cubierta [Construction]
decontamination	descontaminación [Construction]
decorator scaffold	andamio para decorador [Construction]
decorators' scaffold	a. de decoradores [Construction]
Dee (D) ring	anillo en forma D [Construction]
deenergized	sin energía, sin corriente [Construction]
deenergized conductor	conductor sin energía, sin corriente [Construction]
deenergized equipment	equipo sin energía, sin corriente [Construction]
deenergized line	línea sin energía, sin corriente [Construction]
demolition	demolición [Construction]
demolition (wrecking) ball	bola de demolición [Construction]
derrick	cabria [Construction]
derrick truck	camión de cabria [Construction]
designated person	persona designada, persona autorizada [Construction]
detonating cord	cordón detonador [Construction]
diagonal bracing	refuerzo diagonal, arrostramiento diagonal [Construction]
dig	excavar [Construction]
disconnect switch	interruptor, disyuntor, desconector [Construction]
disconnecting means	manera de desconectar, forma de desconectar, mecanismo de desconectar [Construction]
dismantling	desarmar, desmantelar, deshacer [Construction]
disposal	eliminación, disposición [Construction]

distance	distancia [Construction]
diver	buzo [Construction]
diving	buceo [Construction]
double cleat ladder	escalera doble de peldaños [Construction]
drainpipe	tubo de drenajes, desaguadero [Construction]
drift pin	pasador ahusado [Construction]
drum-type hoist	izador tipo tambor [Construction]
drywall (board)	tabla de yeso [Construction]
dump truck	camión de tumba, camión de carga y descarga [Construction]
dust	polvo [Construction]
dust mask	máscara para el polvo [Construction]
ear plugs	taponos de oídos [Construction]
earthmoving equipment	equipo para movimiento de tierra [Construction]
effectively grounded circuit voltage	voltaje de un circuito conectado a tierra de manera efectiva [Construction]
electric arc, welding	soldadura por arco eléctrico [Construction]
electric blasting	detonación eléctrica [Construction]
electric cord	cable eléctrico [Construction]
electrical safety-related work practices	prácticas seguras de trabajo eléctrico [Construction]
electrical shock	choque eléctrico, sacudida eléctrica [Construction]
electricity	electricidad [Construction]
electrocution	electrocución [Construction]
electrode holders	porta-electrodos [Construction]
electromagnetic	electromagnético [Construction]
electrostatic	electroestático [Construction]
elevating work platform	plataforma de trabajo elevadiza, plataforma para trabajo a varios niveles [Construction]
elevation	elevación [Construction]
elevator	ascensor, elevador [Construction]
emergency stop switch	interruptor para parada de emergencia [Construction]
employee	empleado, trabajador, obrero [Construction]
enclosing-screen	malla protectora [Construction]
enclosure	encerramiento, protector cerrado [Construction]
endless sling	eslinga sin fin [Construction]
engineering controls	controles de ingeniería [Construction]
environment	ambiente [Construction]
equipment	equipo [Construction]
erection	crane grúa para izar [Construction]
erection	armar, izar, levantar, construir [Construction]
escalator	escalera mecánica [Construction]
excavation	excavación [Construction]
excavator	excavadora [Construction]
exhaust duct	conducto de extracción [Construction]
exhaust pipe	tubo de extracción [Construction]
exhaust system	sistema de extracción [Construction]
extension cord	extensión eléctrica, cordón de extensión [Construction]
extension platform	plataforma de extensión [Construction]
extinguisher	extintor, extinguidor [Construction]
eye sling	eslinga de argolla [Construction]
eye splice	empalme de argolla [Construction]
fabricated frame scaffold	andamio de armazón tubular soldado [Construction]
fabricated frame scaffold	a. de armazón tubular soldado [Construction]
fabrics	tejidos [Construction]
face (of excavation)	pared, cara, lado, talud [Construction]

face brick	ladrillo de fachada [Construction]
face mask	máscara [Construction]
face shield	protector facial, careta [Construction]
failure	falla [Construction]
fall arrest	detención de caída, parar la caída [Construction]
fall arrest system	sistema de detención de caídas [Construction]
fall hazard	riesgo de caída, peligro de caída [Construction]
fall hazard training	entrenamiento sobre riesgos de caída [Construction]
fall protection	protección contra caídas [Construction]
fall protection equipment	equipo de protección contra caídas [Construction]
fall protection system	sistema de protección contra caídas [Construction]
fall restraint	preventor de caídas [Construction]
fall restraint system	sistema de prevención de caídas [Construction]
falling object protection	protección contra objetos en caída [Construction]
fault (electrical)	falla eléctrica [Construction]
fault current	corriente de pérdida [Construction]
fender	guardalodos, guardafango [Construction]
fiberglass	vidrio fibroso, fibra de vidrio [Construction]
fiberglass reinforced plastic	plástico reforzado con vidrio fibroso [Construction]
field bolt (n)	tornillo, perno [Construction]
field bolt (v)	empernar, atornillar [Construction]
field modified	modificada en el campo de trabajo [Construction]
fill	terraplén, relleno, bloque de soporte adicional [Construction]
filler block	bloque de relleno [Construction]
filler metal	metal de aportación [Construction]
filter pad	almohadilla filtrante [Construction]
fire	fuego, incendio [Construction]
fire alarm	alarma de fuego, alarma de incendio [Construction]
fire extinguisher	extintor, extinguidor [Construction]
first aid	primeros auxilios [Construction]
fissure (excavation)	grieta, fisura [Construction]
fitting	accesorio, ajuste(salud) [Construction]
fixed	fijo [Construction]
fixed ladder	escala, escalera fija [Construction]
flagman	abanderado, persona que da signos o señales [Construction]
flame	llama [Construction]
flammable	inflamable [Construction]
flammable gas	gas inflamable [Construction]
flange	pestaña [Construction]
flash-arresting screen	parallamas [Construction]
flash-back	retroceso de la llama [Construction]
flashpoint	punto de inflamación [Construction]
flexible cable	cable flexible [Construction]
flexible cord	conductor flexible [Construction]
flexible fitting	aditamento ajustable [Construction]
flexible jumper cord	cable flexible para puente eléctrico [Construction]
float	flotador [Construction]
float (ship) scaffold	a. para barcos [Construction]
float scaffold	andamio colgante [Construction]
floor hole	hueco en el piso, hoyo en el piso [Construction]
flooring	piso [Construction]
flying	partícula volátil [Construction]
foot protection	protección para pie [Construction]
foot-candles	bujías - pie, candelas largas [Construction]

footing	Zapata, fundación [Construction]
footing excavation	excavación para zapata [Construction]
form	formaleta, molde [Construction]
form scaffold	andamio de formaleta, andamio de molde [Construction]
form scaffold	a. de formaleta, a. de molde [Construction]
formwork	formaleta, moldaje [Construction]
framing operation	operación de ensamblaje [Construction]
free fall	caída libre [Construction]
fulcrum point	punto de apoyo [Construction]
fume	humo, humo de metal, emanación [Construction]
fuse (electrical)	fusible [Construction]
fuse (explosive)	mecha, espoleta [Construction]
galvanized steel	acero galvanizado [Construction]
galvanizing tank	tanque de galvanización [Construction]
gantry crane	grúa de caballete [Construction]
gas cutting	corte por llama oxiacetilénica [Construction]
gas mask canister	filtro para máscara antigás [Construction]
gas welding	soldadura por llama de gas [Construction]
gas-shielded arc welding	soldadura por arco protegido por gas [Construction]
gasoline	gasolina [Construction]
gauge	indicador [Construction]
gear	engranaje [Construction]
girders	vigas [Construction]
glove bag (asbestos)	bolsa plástica sellada para remoción de asbesto [Construction]
gloves	guantes [Construction]
governor tripping speed	velocidad de disparo del regulador [Construction]
grab rail	barra de agarre, baranda de agarre, pasamano [Construction]
grader	niveladora [Construction]
gravel	grava [Construction]
grinding machine	máquina esmeriladora [Construction]
grip	fijador, agarre [Construction]
ground	conectar a tierra [Construction]
ground (noun)	tierra [Construction]
ground (reference)	tierra [Construction]
ground fault	pérdida de tierra, pérdida a tierra [Construction]
ground jumper cable	cable para puente eléctrico con conexión a tierra [Construction]
ground line	cable a tierra [Construction]
ground resistance	resistencia de la conexión a tierra [Construction]
ground return	retorno a tierra [Construction]
ground return cable	cable de retorno a tierra [Construction]
ground support	entibación del terreno (apuntalar), enterrado, puesta a tierra [Construction]
ground water table	nivel freático [Construction]
ground-fault circuit	circuito con pérdida a tierra [Construction]
grounding	conexión a tierra [Construction]
grounding circuit	circuito de conexión a tierra [Construction]
grounding conductor	conductor de conexión a tierra [Construction]
grounding electrode	electrodo de conexión a tierra [Construction]
grout	lechada [Construction]
guard	guarda, resguardo [Construction]
guarded	protegido [Construction]
guardrail system	sistema de barandas [Construction]

guy	viento, cable de amarre para protección contra viento [Construction]
guy (to)	retener con vientos, retener de vientos [Construction]
guy line	viento, línea de retención [Construction]
guying	retención con vientos, retención de vientos [Construction]
half mask	mascarilla [Construction]
hammerhead tower crane	grúa de martillo [Construction]
handrail	pasamano [Construction]
hanger	estribo [Construction]
hard hat	casco, sombrero, capacete [Construction]
hardware	accesorios metálicos [Construction]
harmful dust	polvo nocivo [Construction]
hat	capacete, sombrero, casco [Construction]
hatchway	escotilla [Construction]
headlight	luz delantera [Construction]
heavy	pesado [Construction]
heavy duty electric cord	cordón eléctrico de gran resistencia [Construction]
helicopter crane	helicóptero grúa [Construction]
helmet	casco [Construction]
hoist	torno de izar, izador [Construction]
hoist line	cable de izar, cable de levantar [Construction]
hoist tower	torre del montacargas [Construction]
hoisting drum	tambor elevador [Construction]
hoistway	entrada al pozo [Construction]
hole	hueco [Construction]
hood	campana, extractor de aire, capuche [Construction]
horizontal grinder	esmeriladora horizontal, pulidora, afiladora [Construction]
horse scaffold	a. de burro, a. de caballete [Construction]
horse scaffold	andamio de caballete, andamio de burros [Construction]
hot slag	escoria caliente, impurezas, desperdicios, costra [Construction]
hydraulic fluids	líquidos para aparatos hidráulicos [Construction]
hydraulic jack	gato hidráulico, gata hidráulica [Construction]
hydraulic tool	herramienta hidráulica [Construction]
IDLH	inmediatamente peligroso a la vida y la salud [Construction]
impact loading test	prueba de caída por impacto [Construction]
impact noise	ruido por impacto [Construction]
impedance	impedancia [Construction]
impulsive noise	ruido interrumpido [Construction]
independent pole scaffold	andamio de poste independiente [Construction]
independent wire rope core	alma de cable independiente [Construction]
induced voltage	voltaje inducido [Construction]
inert-gas metal-arc welding	soldadura por arco metálico en gas inerte [Construction]
inhalation	inhalar, aspirar [Construction]
insulated	aislado [Construction]
insulation	aislamiento, aislamiento [Construction]
insulation shielding	protector del aislamiento, protección del aislamiento [Construction]
insulator	aislador [Construction]
interior hung scaffold	andamio colgante para interiores [Construction]
interior hung scaffold	a. colgante para interiores [Construction]
internal burning medium	mecanismo de combustión interna [Construction]
intrinsically safe	intrínsecamente seguro [Construction]
isolation	apartar [Construction]

jack	gato [Construction]
jack hammer	martillo neumático [Construction]
jack scaffold	andamio de palometa, andamio de escala [Construction]
Jacob's ladder	escalera portátil de Jacobo, de sogá [Construction]
jet pipe	tubo inyector [Construction]
jib	aguilón, brazo giratorio, brazo de grúa [Construction]
joint	grieta [Construction]
jumper	cable de puente eléctrico [Construction]
knee brace	esquinal, esquinero [Construction]
knob	mango, pomo, perilla, abridor de puerta [Construction]
label	etiqueta [Construction]
labeling	etiquetado [Construction]
ladder	escalera portátil, escala [Construction]
ladder jack scaffold	a. de palometa en escalera [Construction]
ladder-type platform	plataforma de escalera [Construction]
landing	descanso, plataforma de carga [Construction]
landing platform	plataforma de descanso [Construction]
landscaping	despejo de terreno, decoración de terreno exterior [Construction]
lanyard	cuerda de seguridad, cordón, pita [Construction]
large area scaffold	a. de área grande [Construction]
lay	trenza [Construction]
lead wire	conductor principal [Construction]
ledger	puente [Construction]
leg (scaffold)	pata (andamio) [Construction]
level (to make)	nivelar [Construction]
level (tool)	nivel [Construction]
lever	palanca [Construction]
life jacket	chaleco salvavidas [Construction]
life saving equipment	equipo de salvamento [Construction]
lifesaving skiff	bote salvavidas [Construction]
lift slab construction	pisos prefabricados [Construction]
lift truck	Auto-elevador [Construction]
light metal type platform	plataforma de metal para trabajos livianos [Construction]
lineman	celador [Construction]
liquefied petroleum gas	gas licuado de petróleo (gas-LP) [Construction]
live load	carga viva [Construction]
load	carga [Construction]
loader	cargadora mecánica [Construction]
loadline	cable de izar [Construction]
local exhaust ventilation	ventilación por extracción local de aire [Construction]
lock	esclusa, cerradura, candado, chapa [Construction]
locked magazine	depósito cerrado [Construction]
locking device	dispositivo inmovilizador [Construction]
locking ring	anillo inmovilizador [Construction]
lockout	interrupción de energía usando candado [Construction]
lockout/tagout	interrupción de energía usando candado y etiqueta [Construction]
machine	máquina [Construction]
machine grounding	conexión a tierra de las máquinas [Construction]
manhole	pozo de registro [Construction]
manhole	registro [Construction]
manifold	distribuidor [Construction]
manila rope	cuerda de cáñamo, manila [Construction]

manual test	prueba manual [Construction]
manually propelled mobile scaffold	andamio móvil impulsado manualmente [Construction]
marking (electrical)	rotulación [Construction]
masonry	albañilería, mampostería [Construction]
masons' adjustable multiple-point suspension scaffold	andamio ajustable de suspensión múltiple (para albañiles) [Construction]
means of egress	modo de salida [Construction]
measure (to)	medir [Construction]
measuring rope	cuerda para medir [Construction]
measuring tape	cinta para medir, cinta metro [Construction]
mechanic	mecánico [Construction]
mechanical lock	cerrojo mecánico, cerradura mecánica [Construction]
metal	metal [Construction]
metal bracket form scaffold	andamio de molde con palometa de metal [Construction]
metal forms	formaleta de metal [Construction]
metal plate	plancha de metal [Construction]
meter (39.37 inches)	metro [Construction]
middle rail (scaffold)	larguero intermedio (andamio) [Construction]
midrail	larguero intermedio [Construction]
minimum clearance distance	distancia mínima de seguridad [Construction]
mobile scaffold	a. sobre ruedas, a móvil [Construction]
molded	moldeado [Construction]
motor	motor [Construction]
motor vehicle	vehículo de motor [Construction]
mouthpiece respirator	respirador con boquilla [Construction]
mud flap	guardafango [Construction]
mud sill	durmiente [Construction]
multi-level suspended scaffold	a. suspensión con niveles múltiples [Construction]
multi-point adjustable scaffold	a. ajustable de suspensión múltiple [Construction]
muzzle	boca, bozal, mordaza [Construction]
nailers	clavadoras [Construction]
needle beam	viga de espiga [Construction]
needle beam scaffold	andamio de parihuela, andamio de espiga [Construction]
net	mallá, red [Construction]
noise	ruido [Construction]
non-conductive	no conductor de electricidad [Construction]
nozzleman	operador de la boquilla [Construction]
open end hose	manguera de boca descubierta [Construction]
open flame	flamas al descubierto [Construction]
open web steel joist	vigueta de acero con alma abierta, vigueta abierta, tejido de acero, vigueta abierta con alma foraminada [Construction]
open-sided	lado expuesto, lado descubierto [Construction]
opening	abertura [Construction]
outlet	tomacorriente, receptáculo [Construction]
outlet box	caja para receptáculo [Construction]
outrigger	estabilizador [Construction]
outrigger beam	viga voladiza, estabilizadores [Construction]
outrigger ledger	punte voladizo [Construction]
outrigger scaffold	andamio voladizo [Construction]
overcurrent	sobrecorriente [Construction]
overcurrent device	dispositivo de protección contra sobrecorriente [Construction]
overcurrent protection	protección contra sobrecorriente [Construction]
overhead crane	grúa elevada [Construction]

overhead hoist	torno de izar [Construction]
overhead line	línea aérea [Construction]
overhead power line	línea eléctrica aérea [Construction]
overhead protection	resguardo superior [Construction]
overspeed preventive device	dispositivo que impide el exceso de velocidad [Construction]
oxygen	oxígeno [Construction]
oxygen depleting	consumiendo oxígeno, agotamiento de oxígeno [Construction]
oxygen displacing	desplazamiento del oxígeno [Construction]
padlock	candado [Construction]
pallet	paleta (tipo de plataforma usada para cargar en soldadura y corte), jergón [Construction]
particulate contaminant	contaminante en partículas [Construction]
passageway	pasillo [Construction]
peak	pico, máximo [Construction]
personal climbing equipment	equipo para trepar usado por el personal [Construction]
personal protective equipment	equipo de protección personal [Construction]
personnel hoist	elevador para trabajadores [Construction]
pick	pico [Construction]
pile driving	hincapilotes [Construction]
piling	pilotaje [Construction]
pins	clavija [Construction]
pipe wrench	llave de perro [Construction]
pit (or)	hole hoyo [Construction]
plank (board)	tablón, tabla [Construction]
plank (to)	entablar [Construction]
planked	entablado [Construction]
plans	planos [Construction]
plant	planta, fábrica, maquiladora [Construction]
plasterers' scaffold	a. de empañetadores [Construction]
platform	plataforma [Construction]
plug (electrical)	enchufe, clavija [Construction]
plumbing	plomería [Construction]
plywood	madera contrachapada, madera laminada, Madera fabricada [Construction]
pneumatic power tool	herramienta neumática [Construction]
pneumatic riveting hammer	martillo neumático remachador [Construction]
pneumatic tool	herramienta neumática [Construction]
pole (scaffold)	poste (andamio) [Construction]
pole scaffold	andamio de poste [Construction]
portable electric tool	herramienta eléctrica de mano [Construction]
portable trench box	caja portátil para zanja [Construction]
power shovel	pala mecánica [Construction]
powered industrial truck	camión industrial [Construction]
powerline	línea eléctrica [Construction]
pressure	presión [Construction]
pressure vessel	recipiente a presión [Construction]
presumed asbestos containing material (PACM)	material que se presume contiene asbesto [Construction]
primer	cartucho [Construction]
process vessel	recipiente de procesamiento [Construction]
projection hazard	objetos salientes [Construction]
propane	propano [Construction]
protective helmet	casco de seguridad capacete de seguridad [Construction]
protective systems	sistemas de protección contra derrumbes [Construction]

proximity warning device	aparato de aviso de proximidad [Construction]
pulling line	línea de tracción, línea de halar o jalar, halando o jalando línea [Construction]
pulling ring	equipo de halar o jalar [Construction]
pulling tension	tensión por tracción, tensión al halar o jalar [Construction]
pump	bomba [Construction]
pump jack scaffold	a. de gato [Construction]
pump jack scaffold	andamio de palometa de gato [Construction]
pumpcrete system	sistema para bombeo de concreto [Construction]
qualified person	persona cualificada [Construction]
rafter	viga, vigueta [Construction]
ready-mix truck	camión de pre-mezclado, mezcla-lista [Construction]
receptacle outlet	tomacorriente, receptáculo [Construction]
regulated area	área reglamentada [Construction]
release	liberador [Construction]
release mechanism	mecanismo de desenganche [Construction]
removal	remoción [Construction]
rescue	salvar [Construction]
residential construction	construcción residencial [Construction]
resistance	resistencia [Construction]
respirator	respirador [Construction]
restraining cable	cable de contención [Construction]
retaining wall	muro de contención; pared de retención [Construction]
retrieval system	sistema de recuperación, sistema de recobrar [Construction]
reverse signal alarm	alarma de retroceso [Construction]
ring buoy	boya salvavidas anular [Construction]
ring test	prueba de sonido por percusión [Construction]
rivet	remache [Construction]
roof bracket scaffold	a. de palometa para techar [Construction]
roofing bracket	palometa para techar, soporte de techo [Construction]
rung (ladder)	peldaño [Construction]
safety belt	cinturón de seguridad [Construction]
safety equipment	equipo de seguridad [Construction]
safety factor	factor de seguridad [Construction]
safety glasses	lentes de seguridad, gafas, anteojos [Construction]
safety harness	ásperas de seguridad, arnés de seguridad [Construction]
safety latch	pestillo de seguridad con resorte [Construction]
safety lights	luz de seguridad [Construction]
safety net	malla de seguridad, red de seguridad [Construction]
safety vest	chaleco de seguridad [Construction]
saw, electric	sierra eléctrica [Construction]
sawhorse	burro, caballete [Construction]
scaffold	andamio (a.), tarima [Construction]
scaffolding	andamiaje [Construction]
seat belts	cinturón de seguridad [Construction]
sheet metal	hojalata [Construction]
sheeting	entibación, revestimientos de la zanja, de la trinchera [Construction]
shielded metal - arc welding	soldura por arco metálico protegido [Construction]
shielding	protección, escudo, sistema protector [Construction]
ship scaffold	andamio de barco [Construction]
shore scaffold	andamio con puntal, andamio de soporte [Construction]
shoring	apuntalamiento, equipo de soporte [Construction]
shoring layout	plan de apuntalamiento, plan de equipo de soporte

	[Construction]
short circuit	poner en cortocircuito [Construction]
shoulder harness	arnés de hombro [Construction]
shovel	pala [Construction]
shutoff valve	válvula de cierre [Construction]
silica	sílice, sílica [Construction]
single point adjustable suspension scaffold	andamio ajustable de suspensión sencilla [Construction]
single-point adjustable scaffold	a. ajustable de suspensión sencilla [Construction]
skylight	tragaluz, claraboya [Construction]
slab	losa [Construction]
slab on grade	losa sobre el suelo [Construction]
sliding trench shield protector	deslizable para zanja [Construction]
sling	eslinga [Construction]
slope (or) hill	pendiente, inclinación, cuesta [Construction]
sloping system	sistema de ángulo de inclinación [Construction]
snaphook	gancho de seguridad [Construction]
socket	copa, receptáculo [Construction]
socket wrench	llave de copa, herramienta de copa, llave de dados, herramienta de buje [Construction]
soft material	terreno blando [Construction]
soil	suelo, terreno tierra [Construction]
soil test	prueba de suelo, prueba de terreno, prueba de tierra [Construction]
soil type	tipo de suelo, tipo de terreno, tipo de tierra [Construction]
soldered	estaño - soldada [Construction]
soldering	soldadura con cautín [Construction]
solid	duro, firme [Construction]
solid fuel salamander	estufa de combustible sólido [Construction]
solid web	alma sólida [Construction]
sound level meter	medidor de niveles de sonido [Construction]
splice (to)	empalmar [Construction]
split rim	aro partido [Construction]
spoil pile	montón de material excavado [Construction]
spot welding	soldadura por punto [Construction]
sprocket	rueda dentada [Construction]
spud wrench	llave de conector de acero [Construction]
stable rock	piedra estable [Construction]
stacking pin	pasador de apilar [Construction]
stairway railing	baranda de escalera [Construction]
standpipe	torre de suministro de agua [Construction]
static charge	carga estática [Construction]
steel	hierro, acero [Construction]
steel construction	construcción en acero [Construction]
steel joist	vigueta de acero [Construction]
steel shackle	grillete de acero [Construction]
stirrup	estribo [Construction]
stitching	costura [Construction]
stonework	empedrado [Construction]
string line	línea [Construction]
stringing	tendido [Construction]
stringing line	línea tendida [Construction]
struck-by	golpeado, impactado [Construction]
strut ("gooser")	codal, diagonal, soporte de suspensión [Construction]
stucco	estuco, concreto, repello [Construction]

subconductor	conductor secundario [Construction]
supply	abastecimiento [Construction]
supply hose	manguera de abastecimiento [Construction]
supported scaffold	a. de base [Construction]
supporting cable	cable de suspensión [Construction]
supporting member	pieza de apoyo [Construction]
supporting structures	estructuras de apoyo [Construction]
supporting tie	amarre de retención [Construction]
suspended scaffold	a. de suspensión, a. voladizo [Construction]
suspension wire rope	cable de suspensión [Construction]
swing radius	radio de recorrido [Construction]
swinging scaffold	guindola [Construction]
tag (to) (tagging)	etiquetar, rotular [Construction]
tagout	interrupción de energía usando etiqueta [Construction]
tamping	apisonamiento [Construction]
tape	cinta [Construction]
tape measure	cinta metro [Construction]
tape, electrical	esparadrapo [Construction]
temporary lighting	alumbrado temporero [Construction]
temporary wiring	alambrado temporero [Construction]
tensile loading	carga sometida a tracción [Construction]
thimble	guarda cabo [Construction]
three-wire type	tres conductores, tipo tres alambres [Construction]
tie line	línea de conexión [Construction]
tie-off	amarre, amarrarse, conectarse [Construction]
tieback	cuerda de anclaje, viento de cuerda [Construction]
tin	estaño [Construction]
tire rack	Porta-neumáticos [Construction]
toeboard	tabla de capellada, pie, tablón de capellada [Construction]
toolbox	caja de herramientas [Construction]
tools	herramientas [Construction]
torque	torsión [Construction]
torque wrench	llave de torsión [Construction]
tower truck	camión de torre [Construction]
track	vía [Construction]
transformer	transformador [Construction]
trap-door	trampa [Construction]
trench	trinchera , zanja, excavación [Construction]
trench box	caja de trinchera, mula [Construction]
trencher	trinchador [Construction]
trenching	zanjando; excavando [Construction]
trestle ladder scaffold	a. de escalera de caballete [Construction]
trowel	allanadora [Construction]
tube and coupler scaffold	a. tubular con acopladores [Construction]
tube and coupler scaffold	andamio tubular con acoplador [Construction]
tubular welded frame scaffold	andamio de armazón tubular soldada [Construction]
two-point suspension scaffold	andamio de suspensión doble [Construction]
U-bolt clip	grillete, grapa de perno en "U", grapa para cable [Construction]
underpinned	apuntalado [Construction]
underpinning	socalzar [Construction]
unprotected side	lado expuesto, lado descubierto [Construction]
unstable	inestable [Construction]
unstable material	terreno inestable [Construction]

unstable soil	suelo inestable, terreno inestable, tierra inestable [Construction]
uplift	levantamiento [Construction]
upright (scaffolds)	montante (andamios) [Construction]
valve protecting cap	gorro protector de la válvula [Construction]
valve seat	asiento de la válvula [Construction]
vault	bóvedas [Construction]
vertical grinder	esmeriladora vertical, pulidora vertical, afiladora vertical [Construction]
vertical slip form	formaleta de deslizamiento vertical [Construction]
vest	chaleco [Construction]
visual test	prueba visual [Construction]
voltage	voltaje [Construction]
vulcanized	vulcanizado [Construction]
warning symptoms	síntomas de precaución [Construction]
web	alma, vigueta [Construction]
welding helmet	careta de soldar [Construction]
wet method	método mojado [Construction]
wheelbarrow	carretilla [Construction]
window jack scaffold	andamio de palometa en ventana, andamio de escala para limpiar ventanas [Construction]
wire conductor	conductor [Construction]
wire tie	viento de alambre [Construction]
wiring	alambrado [Construction]
wood pole scaffold	andamio de poste de madera [Construction]
wooden bracket form scaffold	andamio de palometa de gato, andamio de palometa, andamio para carpinteros [Construction]
work vest	chaleco de trabajo [Construction]
working deck	plataforma de trabajo [Construction]
working load	carga de trabajo [Construction]
wrecking ball	bola de demolición [Construction]
wrench	llave para rosca [Construction]
