

Overview

Enjoy the convenience of email combined with the necessity of translation with TranslationMail, our live-person email message translation system. Available online 24/7/365, secure and password protected, TranslationMail is ideal for correspondence with your foreign-speaking clients, employees, and partners. Statistics show that even though people make speak you language, they are 25 percent more likely to purchase from you when you speak to them in their own native language. Imagine the possibilities if you speak to them personally, in an email message. TranslationMail makes it easy and seamless.

Features

- ⇒ 100% Web-based
- ⇒ Live, qualified translators for a real translation with a native feel no machine translator can match
- ⇒ Seamless, from send to receive
- ⇒ Secure, password protected
- ⇒ Online reporting and invoicing
